## AMERICA'S OUTSTANDING COLLECTION OF SILVER DOLLARS

Since the publication of Mr. M. H. Bolender's excellent book on silver dollars in 1950, several new varieties have been discovered (as will be noticed in this remarkable collection). This is the most complete collection of silver dollars it has been our privilege to offer in all our 26 years as professional numismatists. The experience acquired in assembling this remarkable collection will be the basis for a new book on silver dollars now being contemplated.

The specimens assembled in this REMARKABLE CONDITION represent many years of unstinting effort as well as the determination not to allow the opportunity to pass to acquire the e outstanding (and unique) pieces. Many were obtained after keen competition at public auctions—often at several times "book price." This policy has evidently "paid off" as what looked like "ridiculously high prices" then, seem rather conservative today. It appears from recent auction sales, that prices on these FINEST KNOWN SPECIMENS will also appear conservative in the not too distant future. It is our hope that the new owners will also receive dividends in pride of possession (as well as monetarily).

The early silver dollars were sometimes called "cartwheels," "iron men," "hard money" (in contrast to privately issued paper money which circulated at varying discounts) as well as other names. These large pieces of silver of high intrinsic value were oftentimes hoarded as security against the fluctuating values of the time. In fact, there were occasions when the actual silver value in the dollar was about \$1.05. Naturally, this resulted in many being exported from the country or melted for their metallic value. When one stops to consider the various forces working against these large silver pieces being preserved in choice condition, it is indeed unusual to find that any "uncirculated" specimens have survived.

Collectors have always regarded this series with affection as borne out by the old-time books and catalogs. In no other series, with the exception of the Large Cents and possibly the half cents, has as much interest been shown in the collecting of die varieties. Judging from the rarity of many of the e varieties compared to the strong demand (as reflected in the auctions and want lists received), the values of a great many should be revised upward. However, we shall not attempt an exact rarity and value list in this Fixed Price List but believe it should first be introduced in the new contemplated book.

Only one specimen of each is available in this OUTSTANDING SILVER DOLLAR COLLECTION. Please order by number at left of description. All are offered subject to prior sale with a first come, first served basis. Unsatisfactory coins may be returned within five days. Please indicate a second choice in the event the first coin ordered is sold. Coins will be sent on approval to those who have credit established with us. Two commercial references required from new customers unless check accompanies the order.

## OUTSTANDING COLLECTION SILVER DOLLARS

The contemplated new book will be based upon this collection and the experience acquired in assembling it.

1. **1794 Very nearly uncirculated. VERY RARE SO CHOICE.** In fact, the author of the forthcoming book was the underbidder on the specimen in the 1956 A.N.A. Convention sale that brought \$8,000. The specimen in the Empire sale (November 1957) described as "Uncirculated; just the barest touch of cabinet friction" was bid in by a dealer at \$6500.00. This is one of the choicest known specimens and is very nearly the equal of the Empire sale one. A bargain at only .....\$4750.00

2. **1795 B-1 Date 1795, MAGNIFICENT SPECIMAN WITH SHARP STARS, LIBERTY HEAD, AND OTHER FEATURES. A BEAUTIFUL PROOF SURFACE.** IN FACT, THE ORIGINAL DESCRIPTION WAS AS FOLLOWS: "1795 B-1, Two leaves, Flowing hair, BRILLIANT PROOF. A most remarkable specimen and an outstanding rarity so choice. Easily worth \$1000.00". This sold at that sale at \$750.00. We have a notation with the coin that this was acquired early in the twentieth century from a prominent dealer as an "Original Proof". Since it differs from the restrikes of 1801, 1802, 1803 made in the 1860s', we are inclined to agree that this was a "specially made coin for a collector or museum." In our opinion, it is an excellent buy at the same price as the catalog lists the 1801 restrike .....\$ 950.00

3. 1795 B-2, Two leaves, close 95, very nearly uncirculated.....\$ 145.00

35.	1798 B-2, 15 STARS, SMALL EAGLE, UNCIRCULATED WITH BLuish PROOFlike SURFACE. Very close examination shows slight evidence of "mint equalization marks" (which appears to be usual for this variety). The reverse die is that used in 1795, 1796 and for B-2 of 1797. As usual with this reverse die, the eagle is not struck up as sharply as the balance of the coin. On this particular specimen, the eagle is sharper than we can recall seeing it on any of the 1797 B-2 and on any other 1798 B-2. AN OUTSTANDING RARITY. BOTH AS TO VARIETY AND CONDITION.	\$ 795.00
36.	1798 B-2A, Similar but die break between 15th star and bust extending to border, very nearly uncirculated. A CHOICE SPECIMAN OF AN EXTREMELY RARE VARIETY.	495.00
37.	1798 B-4, Knob 9, only 10 perfect arrows, 2 "sticks" and 1 faint arrow, very nearly uncirculated, sharp. A CHOICE SPECIMAN OF THIS EXTREMELY RARE VARIETY.	425.00
38.	1798 B-4, Similar but different state of the die, extremely fine. and sharp. VERY RARE.	295.00
39.	1798 B-5, NON-COLLECTIBLE. BOLENDER STATES THAT ONLY TWO SPECIMENS ARE KNOWN. The rarity of this variety is understandable by the vertical die crack extending clear across the reverse. This reverse die must have been shattered shortly after striking a limited number. VERY NEARLY UNCIRCULATED. Mr. Bolender states that the Haseltine specimen was only fair condition.	\$ 975.00
40.	1798 B-7, Knob 9 (as are all the above) fine. MR. BOLENDER KNEW OF ONLY TWO SPECIMENS.	445.00
41.	1798 B-8, Regular 9, THE ONLY 4 BERRY REVERSE, UNCIRCULATED with some patina.	200.00
42.	1798 B-8A, Similar but die breaks, swelled reverse die causing head of the eagle to show more friction than the balance of the coin, extremely fine. VERY RARE.	175.00
43.	1798 B-8, DOUBLE STRUCK Date, Stars, Liberty and lettering of reverse, very good with "test-mark" on reverse edge. VERY RARE.	150.00
44.	1798 B-9, Close Date, 12 arrows, UNCIRCULATED with lovely patina. RARE VARIETY.	395.00
45.	1798 B-11B, Medium WIDE DATE, 13 arrows, die break across hair and cheek to border, UNCIRCULATED with bluish golden tint. VERY RARE VARIETY IN CHOICE CONDITION.	385.00
46.	1798 B-13, ONLY 10 ARROWS, UNCIRCULATED with golden tint.	225.00
47.	1798 B-14A, Medium wide date, extremely fine. EXTREMELY RARE VARIETY.	200.00
48.	1798 B-14B, Latest die state with huge breaks across left obverse very fine. VERY RARE.	195.00
49.	1798 B-15, Wide Date, 13 arrows, spur on 9, UNCIRCULATED with golden tint.	225.00

50.	1798 B-17, Very wide date, 10 arrows, very tiny berries, extremely fine. MR. BOLENDER KNEW OF ONLY ONE SPECIMAN (HIS OWN) WHICH WAS IN FINE CONDITION. AN OUTSTANDING RARITY.	\$ 575.00

## THE GOBRECHT FLYING EAGLE DOLLARS

A most interesting series bearing the dates 1836, 1838, 1839. Struck in both silver and copper, with and without stars on obverse, with and without stars on reverse, plain and reeded edge. The 1836 are technically patterns since the law authorizing them was not passed until 1837. Since there was a shortage of silver dollars in circulation, the 1000 struck in 1836 were placed in circulation in 1837. This resulted in very few of the proofs remaining in the condition struck. The design is quite pleasing and is generally acknowledged as our most beautiful silver coin. In fact, a great many were holed and used as watch fobs and souvenirs. This coin comes more frequently holed or engraved with names than any other U.S. coin.

150. 1836 ORIGINAL WITH INVERTED REVERSE, BRILLIANT  
PROOF, CHOICE. ONLY 600 ISSUED OF WHICH ONLY A  
VERY FEW ARE KNOWN TO EXIST TODAY IN SUCH A  
CHOICE STATE OF PRESERVATION. Starless obverse and 36  
stars reverse, name on base.

192.	1851 RESTRIKE WITH CENTERED DATE, BRILLIANT PROOF WITH BLuish TINT. VERY RARE.	995.00

193.	1852 ORIGINAL, PROOFLIKE WITH GOLDEN TINT, TINY NICK. We were tempted to call this a PROOF since it has virtually all the qualifications of a proof but cannot quite accept it as a 100% proof. Perhaps, as one of the leading authorities states, it is a "carelessly made proof" (these early proofs were struck sporadically on special orders and were a nuisance to the mint). EXTREMELY RARE.	\$1250.00
194.	1853 GLITTERING BLUE PROOF, THREE TINY NICKS. CATALOGS \$850.00; A BARGIN AT	750.00
195.	1853 Very nearly uncirculated (catalogs unc. \$75).	57.50
196.	1854 Acquired as a PROOF but appears to have been cleaned at some time in the past and now has a lovely prooflike surface, nick in field. Perhaps it is a "carelessly made proof" since it now does not have a full proof surface.	195.00
197.	1855 Acquired as a PROOF but while it does have a prooflike surface, the edge (and some other details) leads us to believe that it was not intentionally struck as a proof. Blue patina, two tiny nicks in field. RARE DATE.	125.00
198.	1855 Very nearly uncirculated.	85.00

201.	1856 RESTRIKE, BRILLIANT PROOF. EXTREMELY RARE IN THIS CHOICE STATE OF PRESERVATION AND AS TO DATE IN PROOF. OF FAR GREATER RARITY THAN THE 1858 OR 1895 WHICH CATALOG SO MUCH MORE. WELL WORTH ITS PRICE OF	495.00
202.	1857 PROOF WITH GOLDEN TINT.	195.00
203.	1857 RESTRIKE, GLITTERING BLUE AND GOLDEN PROOF. REMARKABLE SPECIMAN. MUST BE SEEN TO BE APPRECIATED. EXTREMELY RARE. MUCH RARER THAN THE 1858.	495.00
204.	1858 BRILLIANT PROOF WITH GOLDEN TINT. A REMARKABLY PRESERVED SPECIMAN. IN GREAT DEMAND AS ONLY PROOFS ISSUED THIS YEAR. ONLY 80 ISSUED OF WHICH ONLY A FRACTION CAN STILL REMAIN IN EXISTENCE TODAY, 100 YEARS LATER. COMPARE THIS WITH THE 1895 OF WHICH 880 WERE ISSUED AND WHICH IS LISTED IN THE CATALOG AT \$650.00. THIS GEM IS WELL WORTH ITS PRICE OF	\$ 775.00
205.	1858 Golden patina, friction on highest points. Coins of this age have generally been in several collections resulting in many acquiring scratches, nicks or wear (from sliding across the velvet used to line old coin cabinets—old catalogs mention "cabinet friction").	395.00
206.	1859 GEM PROOF. Free from the "handling marks" generally accompanying these older coins which have been in several collections.	125.00

351. 1878 SIMILAR TO REGULAR DIES OF MORGAN AS FINALLY ISSUED BUT WITH 3 LEAVES INSTEAD OF THE REGULAR 9. This is the first adopted design for the standard dollar as issued under the law projected by Congressman Bland, and the piece was first known as the "Bland Dollar." This is the original design with the eagle holding an olive branch of three leaves in his right talon, with seven feathers in the tail of the eagle. The regular 8 tail feather die was issued in error which was shortly discovered and withdrawn and the adopted 7 tail feather reverse used. A most interesting transitional silver piece, GLIT-TERING BLUE PROOF. ----- 450.00

352. 1878 THE VERY FIRST DESIGN OF THE STANDARD DOL-  
LAR SHOWING NINE LEAVES IN THE OLIVE BRANCH,  
AW-1561." Apparently, when it was decided to abandon the  
olive branch with three leaves, the above design was pro-  
duced, for the envelope which contained the piece stated  
that it was "one of three struck for Director to decide whether  
design was all right." It therefore represents the first issue of  
the design showing the eagle with seven feathers in the tail  
and with nine leaves on the olive branch, and is unquestion-  
ably a pattern for it differs materially from the other variety  
showing seven feathers in the tail. The regular variety has  
only one berry, this has five. The regular variety has an "M"  
on the left bow knot, this does not. BLUE PROOF. In all  
probability, this is the original William Woodin specimen. \$ 750.00

353. 1878 Barber's rejected design with Liberty Head in Coronet and  
motto above, "E Pluribus Unum" above eagle on reverse, silver,  
PROOF WITH GOLDEN TINT, AW-1562. Only 36 to 50 issued. 150.00
354. 1879 Barber's "WASHLADY DESIGN", silver, **BLUE PROOF,**  
**AW-1590. ONLY 9 TO 12 ISSUED.** ----- **350.00**
355. 1882 REGULAR DIES STRUCK IN COPPER, RED PROOF. UN-  
LISTED IN AW. ----- 150.00

## REGULAR TRADE DOLLARS

The ONLY U.S. COINS WHICH NO LONGER ARE WORTH THEIR FACE VALUE TO THE GOVERNMENT. These were issued for circulation in the Orient to compete with the Mexican peso. They are heavier than the standard weight of the regular silver dollars. Thru an oversight in the law, they were legal tender in the United States when first coined resulting in two different silver dollars circulating simultaneously. When the price of silver declined they encountered resistance in the Orient. To prevent their being returned in large quantities to this country, Congress repealed the legal tender provision in 1876 and authorized the Treasury to limit coinage to export demand. In 1887 a law was passed authorizing the Treasury to redeem all Trade Dollars which were not mutilated (chop-marked when used in the Orient). Due to the redemption and mutilation of large quantities, the series is much scarcer than the mint figures indicate.

The later dates were only issued in proof for collectors.

## GOLOID PATTERN DOLLARS

A most interesting attempt to satisfy in one coin the proponents of the gold standard and those wanting bi-metalism. These "dollars" varied in size according to the amount of gold and silver contained in them.

389.	1878 Liberty Head, reverse "GOLOID 1-G. 24-S. .9 Fine — 258 Grs. ONE DOLLAR", silver, bluish PROOF, AW-1565, smaller than usual silver dollar size (due to gold content).....	75.00
390.	1879 Barber's Metric design, larger size than above, larger head, reverse "895.8S., 4.2-G., 100-C., 25 Grams", struck in silver, PROOF with golden tint, AW-1598.....	75.00
391.	1879 Barber's Goloid Metric design, smaller size and bust than above, reverse "GOLOID METRIC DOLLAR 15.3-G., 236.7-S., 28-C., 14 GRAMS, struck in silver, bluish PROOF, AW-1606....	75.00
392.	1880 Morgan's Metric dollar, Liberty Head with upswept hair, reverse "895.8 S., 4.2-G., 100-C., 25 GRAMS, struck in silver, larger size, brilliant PROOF with golden tint, AW-1639. ONLY 9 TO 12 ISSUED. ....	295.00
393.	1880 Barber's Goloid Metric, smaller size and bust, reverse "GOLOID METRIC DOLLAR 15.3-G., 236.7-S., 28-C., 14 GRAMS, 100 Cents", struck in copper, AW-1643, PROOF. ONLY 13 TO 15 ISSUED. ....	75.00

## LESHER REFERENDUM DOLLARS

With the addition of these PIONEER OR NECESSITY SILVER PIECES OF THE WEST to the Guidebook, we note a sharp increase in the interest and demand for this historical series.

394.	1900 A. B. Bumstead, with scrolls, PROOFLIKE with golden tint. ....	250.00
395.	1900 A. B. Bumstead, no scrolls, PROOFLIKE with bluish tint. ....	195.00
396.	1901 Boyd Park, Denver, Colo., PROOF with golden tint, NO NUMBER. ....	295.00
397.	1901 J. M. Slusher, Cripple Creek, Colo., nearly uncirculated, choice. ....	150.00

## THE CONTINENTAL DOLLARS

The first silver dollar struck for the United States. Latest research tends to confirm the belief that they were struck either in Pennsylvania or New York. We note an increasing tendency by collectors to place the e at the head of the silver dollar series (as is being done with the 1792 half disme).

398.	1776 CONTINENTAL CURRENCY around sun dial with "Mind Your Business" below and FUGIO above, reverse chain of 13 links with name of each colony on the links with AMERICAN CONGRESS, WE ARE ONE in center, variety with two R's in Currency, very nearly uncirculated with a couple minor nicks so characteristic of these coins struck in soft pewter. The catalog does not list these in better than fine condition. This unusually choice specimen should be well worth its price of .....	350.00
399.	1776 Similar with E G. FECIT added above date, die break below date and around reverse. A choice specimen showing only the barest evidence of friction. ....	375.00

ONE OF THE CHOICEST OF THE FEW KNOWN SPECIMENS OF THIS GREAT RARITY. We have checked records back for years and find that this outstanding rarity has been offered very seldom. A careful analysis of the few known specimens, plus the choiceness of this example, plus the increasing interest in this, THE FIRST UNITED STATES DOLLAR (makes the 1794 dollar appear "common" in comparison) leads us to believe that this great rarity will bring between \$1500.00 and \$2000.00.
